Quality Policy

Frigus shall be a reliable partner, delivering products and services of the right quality and creating value for our customers. Quality is everyone's responsibility and a natural part of our daily work. Management is responsible for providing the necessary conditions for effective quality management and ensuring that the quality policy and quality objectives are regularly reviewed and followed up.

We shall:

- Ensure consistent quality throughout our operations.
- Maintain order, clear responsibilities, and efficient processes.
- Continuously improve our procedures and processes.
- Understand and meet our customers' requirements.
- Work closely with our suppliers to ensure their quality standards.
- Understand and comply with applicable laws and other requirements relevant to our operations.
- Monitor and evaluate our performance.
- Continuously improve our products.
